

DVI DUAL LINK CABLE (штекер/штекер)

Київ, Україна

This DVI Dual Link cable is designed to ensure perfect transfer of digital DVI video. Made of High-Purity Oxygen Free Copper (OFC), the conductor has a very high conductivity, low signal loss and degradation and low electric resistance. All of these result in great signal transmission. Superior High-Density triple shielding technology will reject EM and RF interference, while gold plated connectors will ensure a tight grip. Cable is capable of passing the highest resolutions up to 3840x2400

Applications:

Primarily used to connect Dual Link Video card to a Dual link compatible Displays (such as Apple 30", HP 30", Dell 30" and many mor
